How to make a Bee B&B! | Maddie Moate - YouTube

Do you still think that bees are for making honey? I thought so too until I built myself a bee bed. I call it Bed-and-Bees or B&B and it is a long horizontal hive where you are separated from the bees by thin planks and can bathe in their warmth and vibration and smells without any danger of being stung.

Make your own bee bed, a bed inside a beehive - Geekologie

Unlike birds, bees don't need you to get out your hammer and saw and spend an afternoon in the shed. Bee hotels are much easier to make than bird houses. Native Australian bees are mostly solitary and build their nests in existing environments like hollow logs, holes in trees, burrows in the ground and hollows in dead plants. They will even set up house in cracks in building walls.

Print the B Is for Bee Craft templates. Cut out the templates and trace the letter B, bee wings, antennas, and stripes onto card stock. Cut out the letter B and bee pieces. Glue the letter B and the bee pieces onto a full sheet of card stock (we used blue, but you can use any color you like) to form a buzzing bee.

Printable Letter B Craft - B is for Bee

Introduction Beekeeping is the maintenance of bee colonies for the purpose of collecting their honey, beeswax, flower pollination and more. Modern beekeeping attempts to revert to a less industrialized way of obtaining honey by utilizing smaller colonies, usually between 10,000 and 30,000 bees and the whole operation is based around the hive.

How to Build a Beehive (DIY) | Family Handyman

To make a honey bee box, construct a large section called a deep super with 8-10 wax and wire frames that the bees will use to start making their own wax. Add a queen excluder, or a flat rack with holes that are large enough for the worker bees to get through but too small for the queen to keep her from laying eggs in the honey.
