Within this discursive system, Esco. Arturo Escobar's book Encountering Development is one of the foundational works of post-development studies. His research calls into question development as an institution, as an ordering system, and as a tool of capitalism and western hegemony.

### Encountering Development: The Making and Unmaking of the ...

Encountering development: the making and unmaking of the Third World. Arturo Escobar. Encountering Development represents what has become an unfortunate growth industry in the 1980s abd 1990s: postmodern critiques of the development industry. Escobar presents some stimulating criticisms of the whole development paradigm along with an assortment of critiques so abstract and jargon-ridden that it is difficult to understand what he and his compatriots actually mean.

### Encountering development: the making and unmaking of the ...

The development apparatus generated categories powerful enough to shape the thinking even of its occasional critics while poverty and hunger became widespread. "Development" was not even partially "deconstructed" until the 1980s, when new tools for analyzing the representation of social reality were applied to specific "Third World" cases.
