Get your fuel injector cleaning kit ready to connect to the engine by attaching the required hoses and fittings necessary to connect to your engine's fuel system. For most kits, you will also need to connect your cleaner to your hood so that it is hanging from the hood latch. This will allow you to see the pressure and make adjustments as needed. Step 6: Connect your cleaning kit. Connect the fuel system cleaning kit to your vehicle's fuel system at the location determined in Step 1.
