Although there is one journal in the United States that is devoted exclusively to nuclear medicine, only a fraction of the investigations in this field are published there. Most of the reports on nuclear medicine are scattered throughout a wide range of both general and specialized journals devoted to many different fields.

### **Year Book of Nuclear Medicine, vol 2. | JAMA Internal ...**

The Year Book of Nuclear Medicine 1980 provides a quality review of the current literature in the field of nuclear medicine. This is accomplished by a careful culling and abstracting of the major technical and clinical articles. The contents are divided among the main clinical topics with the additional sections "Radiation Physics and Instrumentation," "Radiochemistry and Radiopharmacy," and "Health Physics and Radiation Biology."
